

Turbine Engine Specialists Purchases 36-100 and 36-150 APU Rental Bank from Honeywell & Announces RE220GX Overhaul Capability

FORT WORTH, TX – [23 Dec 2020] – Turbine Engine Specialists (TES), a subsidiary of the Killick Aerospace Group, is pleased to announce the purchase of the Honeywell 36-100 and 36-150 APU rental bank and will begin direct support on 18th January 2021. In addition, TES announced Honeywell authorization for new overhaul capability on the RE220GX APU and expect to be ready to support in the first half of 2021.

“The TES brand of timely support, quality of their workmanship and the skill and knowledge of their technicians has already attracted a loyal customer base. With the addition of the 36 Series APU Rental Bank and Overhaul capability on the RE220GX APU it will move TES to the forefront of service providers in business aviation.” said Russell Starr, CEO and President of Killick Aerospace Group. “With these additional APU services we continue to enhance our product and services portfolio, between TES and Killick Aerospace, across many business aircraft programs that will benefit our expanding customer base.”

The latest TES acquisition further complements the significant investments made last year by Killick Aerospace in acquiring the exclusive parts distributor agreements on the CL600/601 and Learjet 60 programs and large parts purchases on other business aircraft platforms. The ability to provide quality parts support, comprehensive Engine and APU MRO services and the newly added 36 Series APU rental bank provides a broad support structure for many business aircraft programs, including Bombardier, Textron, Embraer, Dassault, and Gulfstream.

About Turbine Engine Specialists

Founded in 2001 and headquartered in Fort Worth, Texas, TES is authorized by Honeywell and General Electric. Providing specialized MRO support on engines and APU's for scheduled and unscheduled maintenance, including AOG rapid response.

About Killick Aerospace

Killick Aerospace, with headquarters in Dublin, Ireland, provides commercial aircraft and engine solutions supporting spare parts requirements for Airbus and Boeing programs. Additionally, Killick Aerospace is the exclusive distributor for the Bombardier Challenger 600/601 and Learjet 60/60XR programs. It has parts distribution centers in North America, Europe, and Asia Pacific.

About Killick Aerospace Group
