Honeywell Channel Partner of The Year 2022

FOR IMMEDIATE RELEASE

Fort Worth, TX, April 19, 2023 - TES, a leading provider of maintenance services for Honeywell HTF & TFE731 engines and RE100, RE220 and 36 Series APUs, is proud to announce that it has been named the **Honeywell Channel Partner of the Year for the Americas** in 2022.

The Honeywell Channel Partner of the Year Award recognizes partners who have exceeded business goals, demonstrated innovative approaches, and provided superior customer service and support in the business aviation industry. TES was selected for this prestigious award based on its exceptional performance and commitment to excellence in servicing Honeywell products for business aircraft owners and operators.

"We are honored to receive this recognition from Honeywell," said Russell Starr, CEO of TES. "This award is a testament to the hard work and dedication of our employees and their commitment to delivering outstanding service and support to our business aviation industry customers. We are incredibly proud of this achievement and grateful to Honeywell for this recognition."

TES has been providing maintenance services for Honeywell products for over 20 years and has developed a reputation for quality, reliability, and customer satisfaction. The company's highly skilled technicians and state-of-the-art facilities allow TES to provide comprehensive and cost-effective maintenance solutions to its business aviation industry customers.

"We would like to express our gratitude to our customers in the business aviation industry for their continued trust and support," said Starr. "We remain committed to providing them with the highest level of service and support as we continue on our growth journey and look forward to continuing our partnership with Honeywell."

TES's commitment to excellence in servicing Honeywell products for business aircraft owners and operators has made it the preferred maintenance provider for many in the business aviation industry across the Americas. With this latest recognition from Honeywell, TES reaffirms its position as a leader in the business aviation industry.

About TES

TES, a Killick Aerospace Group company, was founded in 2001, with headquarters in Fort Worth, Texas. TES focuses solely on business aviation providing specialized MRO scheduled and unscheduled maintenance services on engines and APU's and Parts Services on Bombardier products. It has capabilities on the HTF7xxx, TFE731 (Classics and NG), CF34, CFE738 and BR710 engine model types and has full repair and overhaul capabilities on the 36-100/150, RE100 and RE220GX APU model types.

They own, and manage, the 36 Series APU Rental Bank with over 230 APU's in their pool to support MSP and non-MSP rental requirements. TES has a team of remote technicians providing field services throughout the US on all these engine and APU model types. Lastly, TES has an exclusive agreement with Bombardier, to provide Parts Services on the Challenger 600/601 and Learjet 60 programs.
