### TES APPOINTS NADIA GIVENS AS NEW FINANCE LEADER

Fort Worth, TX, May 18th, 2023 – TES (Turbine Engine Specialists), a leading provider of Field Services, Engine & APU Services and Parts Services exclusively for business jets, is pleased to announce the immediate appointment of **Nadia Givens as Vice President, Finance**.

In her role at TES, Nadia Givens will lead the TES Finance team and will be responsible for overseeing the financial operations of the company, including financial planning and analysis, accounting and reporting, treasury management and tax planning and compliance. Nadia will also play a key role in enhancing TES's financial systems and processes while leading and managing a team of finance professionals. She joins at a time as TES continues to experience impressive growth in the four key areas of its business – Field Services, Engine and APU Services and Parts Services. As a key member of the leadership team, Nadia will help drive financial performance and support TES's growth objectives.

Nadia Givens joins TES with over 25 years of Finance and Accounting experience, with her career beginning at Deloitte. Before joining TES, Nadia worked in various industries, primarily pharmaceuticals and oil & gas. She is a CPA from the great state of Texas and graduated from the University of Texas at Dallas.

"We are thrilled to welcome Nadia to our team," said Bill Molloy, Chief Operating Officer at TES. "Her extensive experience in finance and accounting, combined with her strategic mindset, make her an excellent fit for TES as we continue to grow and expand our business."

Nadia has expressed her enthusiasm for joining TES and making a valuable contribution to the company's continued success, by quoting one of her favorite phrases, "if you want to go fast, go alone, if you want to go far, go together."

## **About TES**

TES, a Killick Aerospace Group company, was founded in 2001, with headquarters in Fort Worth, Texas. TES focuses solely on business aviation providing specialized MRO scheduled and unscheduled maintenance services on engines and APU's and Parts Services on Bombardier products. It has capabilities on the HTF7xxx, TFE731 (Classics and NG), CF34, CFE738 and BR710 engine model types and has full repair and overhaul capabilities on the 36-100/150, RE100 and RE220GX APU model types. They own, and manage, the 36 Series APU Rental Bank with over 230 APU's in their pool to support MSP and non-MSP rental requirements. TES has a team of remote technicians providing field services throughout the US on all these engine and APU model types. Lastly, TES has an exclusive agreement with Bombardier, to provide Parts Services on the Challenger 600/601 and Learjet 60 programs.
