Killick Aerospace Group Appoints Shay O'Donnell as New VP of Sales-Americas

DALLAS – [April 16, 2021] – The Killick Aerospace Group, comprising Killick Aerospace and Turbine Engine Specialists (TES), is pleased to announce that they have appointed Seamus (Shay) O'Donnell as their new Vice-President of Sales – Americas. As the new Sales leader in the Americas, he will be responsible for driving sales growth in both Commercial Aircraft and Business Jet markets with the product and services provided by both Killick Aerospace and TES.

“I’ve been very impressed with Killick’s recent investments in commercial aircraft inventory and assets and the acquisition of the 36 Series APU rental bank which is a game-changer in the Business Jet market,” said Shay O’Donnell. “I am delighted to join a team of highly experienced aviation professionals.”

Shay joins the Killick Aerospace Group after gaining valuable experience, in various leadership and executive positions, with companies such as Universal Asset Management, ComAv Asset Management, GECAS, VOLVO Aero Services and AAR. He started his career in the Maintenance and Engineering Department of Aer Lingus before coming to the United States twenty-four years ago.

“After investing significantly in our Killick Aerospace and TES portfolios we are well placed to support the post-COVID rebound in the Commercial and Business Jet markets, the addition of Shay to lead our sales focus in the

Americas is very exciting”, said Bill Molloy, Chief Operating Officer of the Killick Aerospace Group. “With his industry expertise and proven sales track record we are confident that Shay will position us for further success as we transition out of the COVID pandemic.”

About Killick Aerospace Group

Founded in 2006, the Killick Aerospace Group is a leading provider of Commercial and Business Aircraft engine solutions, aircraft parts and rotables, and engine sales and leasing. With headquarters in Dallas, Texas, it consists of Killick Aerospace, Turbine Engine Specialists (TES), and Avistox.

Killick Aerospace, with headquarters in Dublin, Ireland, provides commercial aircraft and engine solutions supporting spare parts requirements for Airbus and Boeing programs. Additionally, Killick Aerospace is the exclusive distributor for the Bombardier Challenger 600/601 and Learjet 60/60XR programs. It has parts distribution centers in North America, Europe, and Asia Pacific.

TES, headquartered in Fort Worth, Texas, is authorized by Honeywell and General Electric. TES has expert crews ready to travel anywhere in the world to service engine and APUs for scheduled or unscheduled maintenance, including AOG rapid response. TES also owns, and manages, the largest APU rental bank in business aviation with its 36-100/150 APU rental pool.

AviStox, with headquarters in Dallas, Texas, maintains a large inventory of aircraft parts from suppliers such as Honeywell, Hamilton-Sundstrand, and other leading aerospace original equipment manufacturers.
